Overview

Wisconsin added 206,505 people, an increase of 3.63% from 2010. The areas near Madison, Green Bay, and west of Milwaukee experienced the highest population growth. District 4 which contains Milwaukee is the only Congressional district that experienced a population decline. There was no change to the size of the state's Congressional Delegation, remaining at 8 members.

The White population declined by 104,535 people, a decrease of 2.21%. District 2 was the only district to experience an increase in the White population of 3.6%. Every other district had a decline in White population with the largest declines occurring in District 1 (-4.32%) and District 4 (-13.67%). The overall share of the population decreased from 83.32% in 2010 to 78.62% in 2020.

The Hispanic population grew by 111,221 people, an increase of 33.1%. Every district experienced population growth in this group of at least 15% with the highest growth occurring in District 7 (50.24%) and District 3 (63.77%). The overall share of the population increased from 5.91% in 2010 to 7.59% in 2020.

The African American population grew by 15,610, an increase of 4.45%. District 4 is the only district to experience a decline in African American population, a decrease of 5.09%. This is in line with the overall loss of population in that district. A majority of African Americans in Wisconsin, however, still live in District 4. In every other district, the population grew with the largest percent increases occurring in District 5 (52.18%) and District 8 (56.26%). The overall share of the population increased from 6.17% in 2010 to 6.22% in 2020.

Congressional

The charts below display the percent change in population from 2010 to 2020 for the listed group. Please note that the color bars are fixed to be from -40% to 40% and these maps are displayed in brown to purple. If the percent change in population was outside of this range, the color scheme changes to red to green to indicate a change.

</table>
The charts below display the percent change in population from 2010 to 2020 for the listed group. Please note that the color bars are fixed to be from -100% to 100% and these maps are displayed in brown to purple. If the percent change in population was outside of this range, the color scheme changes to red to green to indicate a change.

1. American Indian and Alaska Native Alone, Not Latino
2. Native Hawaiian and Pacific Islander Alone, Not Latino

### Variable definitions

District shapefiles were retrieved from the Redistricting Data Hub, All About Redistricting, and the U.S. Census. The list of variables below can be found in the P1 and P2 table of the PL 94-171. Data was retrieved from the Redistricting Data Hub processed legacy file of the PL 94-171.
